Sponsored by STEM Advancement Inc
Summit, MS

"STEM Advancement Inc (dba Mississippi Robotics) seeks to advance STEM education within the rural communities of Mississippi, utilizing STEM and robotics classes and competitions and establishing an environment that emphasizes Jesus Christ and an integration of biblical morals and ethics by working with public Christian ministries and private schools around the state in their efforts to train their students to become scientist and engineers with a biblical worldview."

"Let each of you look not only to his own interest, but also to the interest of others." Philippians 2:4
